HER
UNDERTAIL
MONSTER-GIRLEDITION
PART 8
Coming...
From the
Underground

Why...?

Why did you let me go?

Don't you realize that your kindness ended up getting you hurt?

Look at yourself,

You fucked so many monster-girls, and made them your friends. But now, you'll probably never see them again.

Not mention how much they've been set back by you. Without the SOULS, they're trapped in the underground forever....

Sucks, doesn't it?

If you had just gone through without caring about any of the girls then, you wouldn't have to feel gultiy now.

So I don't get it.

If you really did everything the right way, why did things still end up like this?

Why...?

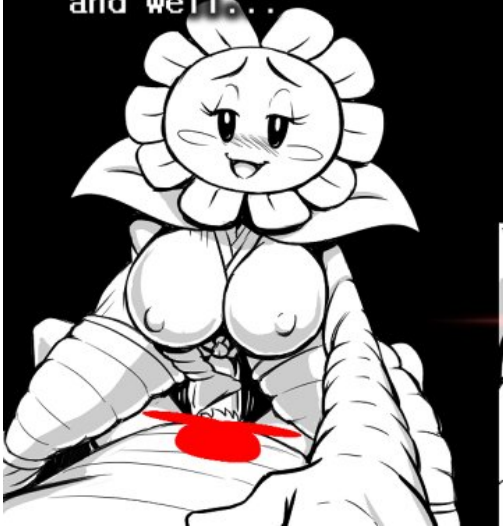
Is life really that fucked?

...

Say. What if I told you, I knew of a way to get you a ..."better ending"?

A happy ending?

You'll have to trust me on this, which I know that's a lot to ask, and well...



In the meantime, mmh, why don't you go see Dr. Syhpla?

W-Who knows, mmh! Haah, maybe she, hmmh! holds the key unnh! Hahh, to your haaAah! H-happiness~!

Hnnh, It seems like ynnh, you could have been alittle closer~

See you soon~

VERY HOME- uh, NOW.
I FEEL STRONGLY AND FOR NO APPARENT REASON,
YOU SHOULD ALSO GO... THERE.

Hey doc!
Syh?
Syhpla?
You in here?
(A note's on the floor...?)
"* To my friends,
Thank you for your help back there. You guys, your support really means a lot to me. But my problems can't magically disappear. I want to be better, and I don't want to be afraid any longer. For that, I have to face my own mistakes, starting now. This is my own problem, no one else's. If you don't hear from me again, if you want to know "the truth", enter the opened metal door. You all at least deserve to know what I did.

* For now, this power will be called;
* "Determination"

(The door to the generator is locked by four keycards. FOUR fucking keycards just to open ONE door.)

* Sorry about that.
* They get kind of-
* Oh, u-uhh, Y-You're welcome...
* Wait, are you crying?
YES I'M CRYING!

Several years later...
* ASSMORE asked me to study the lustful nature of men's SOULs.
* During my research, I isolated a power of pure lust I called-
Determination, right?
* Right, I injected it into dying monster-girls so their own SOULs would last after death...
Well it definitely "worked" alright.
* ....
Sorry.
* You see, unlilke a human body, monster-girls' bodies don't have enough nor the right parts of physical matter to take those concentrations of "Determination."
* At first, their bodies melted, and then dicks, multiple of them, started to grow out of them.
* Pretty soon, all of the test sujects had melted together, and fucked together, into...
Whoa, back up! "Fucked together"!? ... as in, they all started fucking each other AS they were melting??
* Yes! seeing them like that, it was both sick and oddly arousing!
* I thought about it for days, and I even considered-
STOP!
* I mean I didn't do it!
* But I... uh, j-just only thought about it...
Ghheeeewwww...!

* I just couldn't tell their families about it, I couldn't tell anyone about this.
* And I was too afraid to do any more work, knowing...
* All I could think about was what I did to them, and ... their d-dicks...
Again, ew.
* Everything...
* ...everything I'd done so far had been such a horrific failure.
Okay, at this point, you HAVE to tell to truth. You can't keep these things- I mean, these girls in this lab forever.
* I know, I've changed my mind about all this.
* I'm going to tell everyone what I've done.
Good, its the least you can do.
* Its going to be hard.
Like a-
* Like a dick. Heheh, I know...
Made you smile~
* Its good to know I have friends to fall back on...
* I know it'll be easier to stand on my own now.
* Thank you.
Well, if you really want to thank me doc...

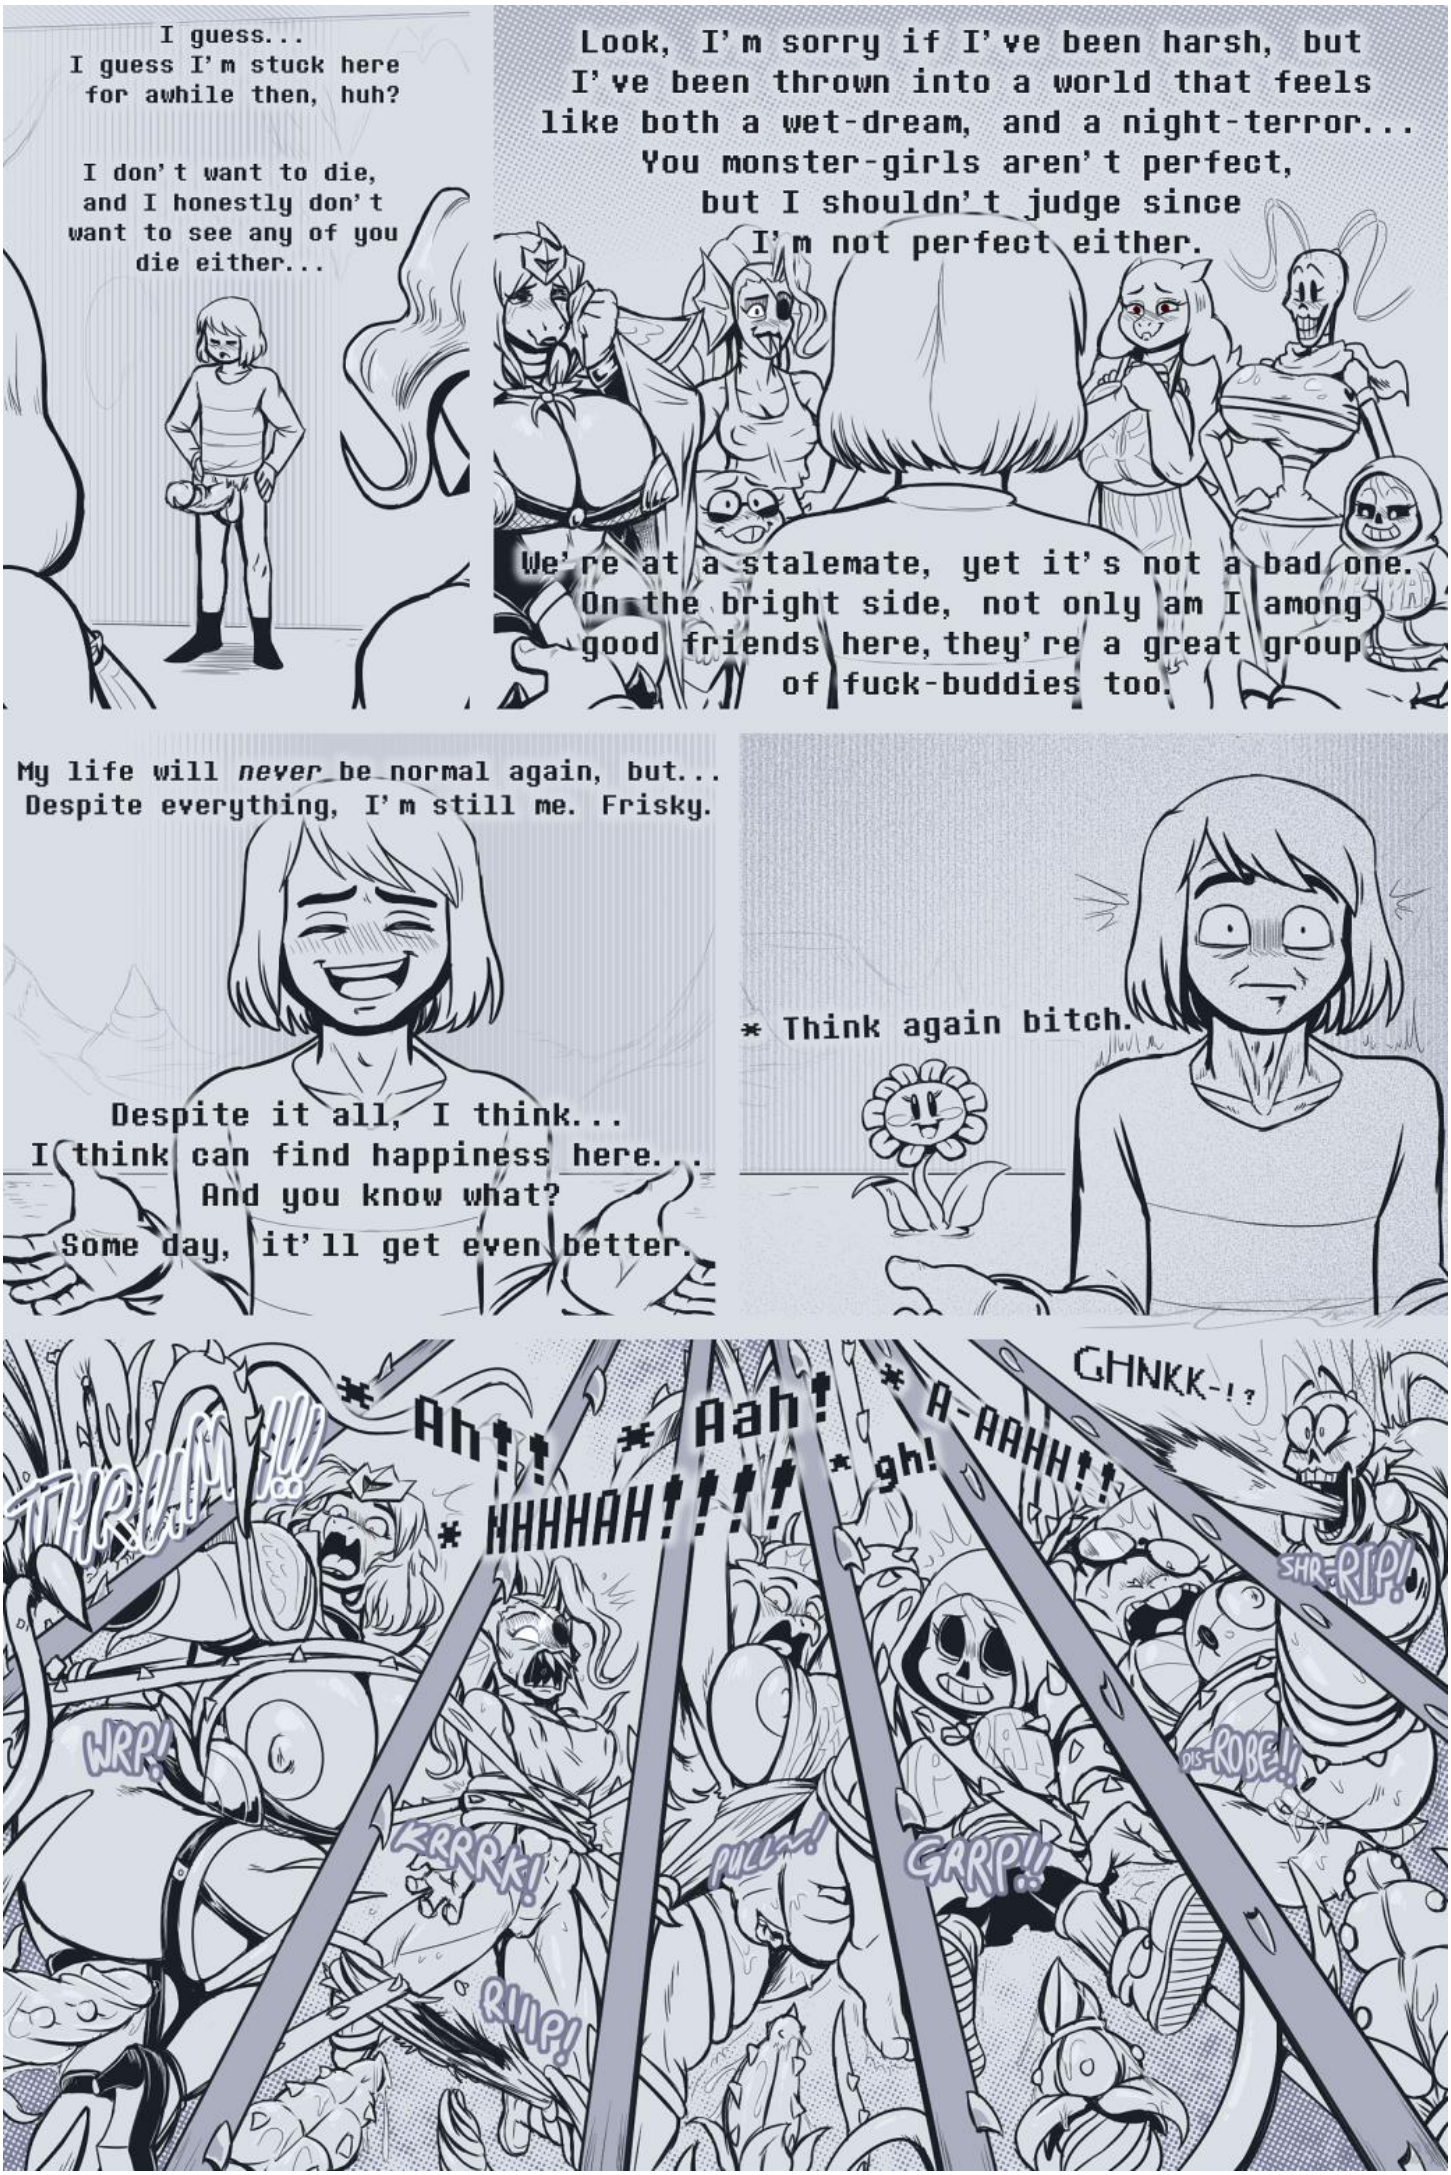
* What are you, bragging now...?

* I didn't even get to finish-

* Shut up MISS Derear!

IT WAS AN ACT OF BLIND PASSION!



I guess...
I guess I'm stuck here for awhile then, huh?
I don't want to die, and I honestly don't want to see any of you die either...
Look, I'm sorry if I've been harsh, but I've been thrown into a world that feels like both a wet-dream, and a night-terror... You monster-girls aren't perfect, but I shouldn't judge since I'm not perfect either.
We're at a stalemate, yet it's not a bad one. On the bright side, not only am I among good friends here, they're a great group of fuck-buddies too.
My life will *never* be normal again, but... Despite everything, I'm still me. Frisky.
Despite it all, I think... I think can find happiness here... And you know what? Some day, it'll get even better.
